Name and Signature of the
Chairperson, IQAC.

INTRODUCTION

Khagarijan College, established in 1972, is one of the premier colleges of Assam. It is located on the outskirts of Nagaon town, beside the Nagaon-Dakhinpat road and has been playing a pivotal role for the cause of higher education. It was registered under the Societies Registration Act XXI of 1860 on the 22nd of February, 1995. Today, the college has been accorded recognition under section 2 (f) of the UOC Act, 1956 on 12th June, 2007.

The college has been able to carve a niche for itself by imparting higher education in the Arts Stream (Day Shift) only.

The college in its desire to be assessed by the National Assessment and Accreditation Council submitted a Self Study Report in December 2003. The NAAC accordingly appointed a Peer Team under the Chairmanship of Professor P.K. Mishra, Former Vice Chancellor, North Orissa University and accorded a 'C' grade. Even though this is but a modest and meagre beginning, we hope to improve ourselves and understand that we have miles to go before we sleep. We humbly present before you the Annual Quality Assurance Report, 2005-06, according to the format prescribed by NAAC.

Year of Report
2005-06

Part A :

The plan of action chalked out by the IQAC in the beginning of the year towards quality enhancement and the outcome achieved by the end of the year.

Criterion 1 : Curricular Aspects:

Khagarijan College conducts education programme in the Arts Faculty which includes Assamese, Bengali, History, English, Economics, Education, Logic and Philosophy and Political Science. This programme leads to an award of Degree of Gauhati University. It does not have provision for enhancing _ IT"acticality of skill measurement, being an Arts College. The traditional course offered by Gauhati University is followed by the college. The revision and updating of curricula for a subject is done by Gauhati University and the average time-frame is 5 years.

Class arrangements will be made so that students get a good exposure to the subjects chosen by them to study. There will be provision made for remedial classes. The best time to hold these remedial classes would be after the announcement of the Test examination results. The college would endeavour to obtain feedback from the students on the teaching programmes.

A new subject of Environmental Science has been introduced by Gauhati University. Efforts would be made to conduct the classes efficiently and to take the students on a Field Trip for their Practical examinations on the said subject.

Criterion II : Teaching, Learning and Evaluation:

Efforts would be made to upgrade the teaching-learning methods of the College. All the Departments, especially the Departments offering Major would endeavour to provide better teaching practices.

The College would encourage the teachers to maintain the practice of making teaching plans. Unit Tests and Terminal and Test Examination would be held from time to time. The Departments would be encouraged to hold Departmental seminars. Teachers would be encouraged to attend Orientation and Refresher courses. Group discussions would be held on a regular basis amongst the students.

As always, the syllabus would be covered during the Academic session.

The syllabi has been unitized and the progress of students would be monitored through tests and mid-term corrections.

The evaluation method would be communicated to the students at the beginning of the session.

The students would be encouraged to provide feedback on course. Weak learners would be identified. Regularity and punctuality of the students would be monitored.

Criterion III : Research, Consultancy and Extension:

There are no ongoing research projects. The college encourages its teachers to take up research projects.

The College would organise free medical camps, women and child awareness programmes and observe World Environment Day, Teachers' Day, AIDS Awareness camp.

The Spoken English class which is already functioning in the college, would be further strengthened.

Criterion IV : Infrastructure and Learning Resources:

The college has its own Master Plan, indicating the projected expansion in the future.

There are plans afoot to construct a modest dwelling of a IV grade employee, just at the far end of the boundary wall of the college.

The number of books in the Central Library would be increased.

Similarly, the number of books in the Departmental Library would also be increased.

Sports facilities would be further enhanced.

Criterion V : Student Support and Progression:

There is an alarming rate of dropouts in the college, it being located in a backward area.

As observed by the NAAC Peer Team, the economic condition is a major factor of impediment against higher studies and higher placement.

The physical and intellectual health of the students would be given the utmost priority.

Students would be encouraged to participate in various District and State Level Competitions. They would also be encouraged to take part in the Inter College Youth Festival.

Poor and promising students would be given financial assistance from the Students' Poor Fund and Students' Welfare Fund. They would be d to avail themselves of the State Government scholarship like the Caste, Scheduled Tribe and Other Backward Classes scholarships.

Students would be encouraged to contribute articles to the college magazine and the College Wall Magazine. All students would be encouraged to participate wholeheartedly in the College Week celebration.

Criterion VI : Organization and Management:

The Internal Quality Assurance Cell will sit from time to time to look into the overall organisation and management of the college.

The numerous committees formed in the college will organise meetings and discussions and shoulder the responsibilities vested upon them.

The Academic Calendar Committee will prepare the Academic Calendar on time and place it before the authorities. The Grievance Redressal Cell will redress the grievances of the students, teachers and staff. The Teachers' Welfare Fund will provide loan to the teaching staff.

Criterion VII: Healthy Practices:

The Internal Quality Assurance Cell will sit on a regular basis. It will try to thrash out the problems of the college and guide the way for the all-round development of the college.

In order to develop the communication skills of the students, Debating Competitions, Extempore Speech Competitions, Quiz Competitions would be held .

The Spoken English class would be further strengthened.

Departmental seminars would be organised.

Students would be encouraged to actively take part in the cultural activities and programmes of the college. Events like the Freshers Social, College Week, Saraswati Puja, Sri Sri Sankardev Tithi would be celebrated with enthusiasm and traditional gaiety.

Teachers would participate in regional, national and international seminars and workshops and work for other faculty development programmes.

Efforts would be made to stop ragging of students.

Goals Achieved (2005-06)

Criterion I : Curricular Aspect:

The college adopted the curriculum prescribed by Gauhati University.

Class arrangements were made in such a way that the students got a good exposure to the subjects chosen by them to study.

It was possible to hold remedial classes after the announcement of the Test results.

The new subject of Environmental Study introduced by Gauhati University was started by taking classes on the subject. The students were taken on a Field Trip for their Practical Examination. The students got a good exposure to nature and their surrounding environment. The site chosen was Silghat, a few hundred kilometers from the town of Nagaon.

Criterion II : Teaching, Learning and Evaluation:

The teachers, as usual, chalked out their teaching plans at the beginning of the session. They were able to teach the students according to the teaching plans.

Unit Tests were held on a regular basis. The Terminal and Test Examinations were also held in time. The various Departments held their Departmental seminars.

There were numerous group discussions held amongst the students.

The college was successful in monitoring the progress of the students through tests and mid-term corrections.

The student's feedback on the different courses were collected and corrective measures taken.

Identification of weak learners resulted in remedial classes.

Regularity and punctuality of students were given top priority .

Criterion III : Research, Consultancy and Extension:

The college was able to organise free medical camps. The World Environment Day, The Teacher's Day were observed in the college.

An AIDS Awareness Camp was also organised.

There was a huge response from the students for the Spoken English Class. Students envisaged a very keen response and are greatly improved in their Reading and Communication Skills.

Criterion IV : Infrastructure and Learning Resources:

The College is pleased to put on record that a modest dwelling of a IV Employee of the college has been completed.

Similarly, the numbers of books in the Central Library have been increased from 4000 to 6490.

There has also been a modest increase in the number of books in the Departmental libraries.

A few sports accessories have also been bought by the college and these have been handed down to the Students' Union Body.

Criterion V : Student Support and Progression:

The alarming rate of dropouts in the college has not yet stopped. Even though it seems a futile attempt to check this malady, the college still hopes that in the very near future, this too would be solved.

The students of the college participated in various Regional, District and State Level Competition. They also participated in the Inter College Youth Festival.

Poor and promising students were given financial assistance from the Students' Poor Fund and Students Welfare Fund. The students also availed themselves of the State Government Scholarships like the Scheduled Caste, Scheduled Tribe and Other Backward classes scholarships.

The College Week was celebrated with great fanfare and enthusiasm.

Criterion VI :- Organisation and Management :

The numerous Committees formed in the college organised meeting and discussions and shouldered the responsibility vested upon them.

The Academic Calendar Committee prepared the Academic Calendar time.

The Grievance Redressal Cell tried their level best to redress the grievances of the students, teachers and the staff. It was able to create a platform where students felt free to point out their problems. Misunderstandings were cleared from the students and there were constructive suggestions from students for improvement.

The Teacher's Welfare Fund provided loans to the teaching staff.

A small amount of internal resource was generated from the fishery in front of the college. Resources could also be generated from the land leased out by the college authorities, lying vacant at the back side of the college.

Criterion VII: Healthy Practices:

To foster the all-round development of the students and sharpen their intellectual bent of mind, numerous competitions like the Debating Competition, Extempore Speech Competitions, Quiz and Essay Writing Competitions were held by the college.

Departmental Seminars and Talks were organised. Fresher's Social, College Week, Saraswati Puja, Sri Sri Sankardeva Tithi were celebrated with traditional gaiety.

All the teachers endeavoured to work hard for the overall development and of the college.

Another feather in the cap of the college was the Green Campus look that the college has today due to the plantation done by the college authorities and the students.

At the end of the year, there is a prize given to the Best Social Worker of the College amongst the students. This is a most coveted position and students try their level best to excel in the social activities of the college.

Ragging has disappeared from the college campus.

Part- B

1. Activities reflecting the goals and objectives of the institution:

The goals and objectives of the institution are:

i) Pursuit of educational excellence to help the students bring out the best in them.

ii) Attainment of loftier and nobler human goals through sustained intellectual efforts.

iii) Instilling a sense of responsibility in the students.

iv) Development of a spirit of patriotism, dedication and service.

All academic programmes are strictly followed according to the syllabus prescribed by the G. U.

The new subject of Environmental Science has been introduced by G.U. and the college has started classes on this subject.

3. Innovations in curricular design and transaction:

The University seeks suggestions from the members of the faculty for curriculum design.

Teachers are encouraged to make teaching plans at the very beginning he syllabi are unitized according to teaching schedules.

The college supplements the lecture method of teaching by holding departmental seminars, talks, symposia etc.

Any other highlights:

A Spoken English Class is in existence in the college. Students are guided in Functional English.

Grades are given to the students. Even though the college authorities do not award any certificates, plans have been set to give certificates at the end of course.

4. Inter-disciplinary programmes started:

Class seminars and workshops between the different Departments have been initiated to inculcate a healthy educational ambience within the college campus.

With this end in view, seminars were organised in collaboration of the English, Assamese and Bengali Departments.

The students were encouraged to present papers and put up questions to the resource persons. The students participated whole-heartedly in the seminars.

Similarly, taking up the combined Departments of Economics, Political Science and History, Seminars were organized.

5. Examination reforms implemented:

All examinations are held according to the schedules given by Gauhati University.

Internally, the college provides remedial courses to the educationally disadvantaged students.

Likewise, the advanced learners are challenged to work ahead of the rest by holding intermittent tests.

Unit tests are held after the completion of each unit.

Evaluation methods are communicated to the students at the beginning of the academic session.

6. Candidates qualified: NET/SLET/GATE etc:

Sri Bapan Das, Lecturer from the Deptt. of Bengali, has qualified for NET.

7. Initiative towards faculty development programme:

The college does not follow the self-appraisal method to evaluate the performance of the faculty in teaching, research and extension.

However, the college follows teacher performance appraisal method through the report of its present and outgoing students. Students' Feedback on Course, Students' Feedback on Teachers, Students' Course and Teaching Evaluation clearly reveal the teachers' performance.

On the basis of these reports the Principal marks the teachers aware of the performance and thus the results of the appraisal are used.

Lesson-based departmental seminars are arranged. This enriches the faculty academically.

Teachers of the different faculties are encouraged to attend the refresher and orientation programmes.

All the teachers of the faculty are members of the different committees and cells and implement different developmental programmes through the respective Cells .

Unit cost including salary component - Rs. 8251.00

25. Computerization of administration and the process of admissions and examination results, issue of certificates:

The administration process is not yet computerized.

The examination branch of the college sets computerized question papers for all the college examinations - terminal exam, annual and the test exam.

One computer has been placed in the Principal's chamber. Official and academic work is done through this. None of the Departments of the college are furnished with computers.

26. Increase in the infrastructural facilities:

As regards the infrastructure, the college has its own Master Plan, indicating the projected expansion in the future.

The college maintains its infrastructure through annual repair including white-washing and keeping its surrounding clean. The beautification of the campus is done by planting tree saplings.

The outdoor and indoor game facilities given to the students are football, volleyball, badminton, cricket, carom, chess etc. The infrastructure for sports, recreation and cultural activities is available though on a limited scale .

The canteen of the college which was just a fledgling last year, has now been able to raise its beautiful head among the murky waters of instability it suffered during the first few months of its birth pangs.

As was envisaged during the action plan at the beginning of the year, a fishery project, on a large scale, is thought of to be taken up, on the plot of land just lying adjacent to the college wall. A natural ditch lies adjacent to the college boundary wall. During the monsoons, the ditch remains covered with water. A little effort may very soon see a fishery taking shape within the confines of this natural ditch. A small amount of internal resource was generated from the fishery, on a very small scale, in front of the college.

The building of the college has been renovated. There is a 24 hours water supply with 'aqua guard' facility.

27. Technology upgradation:
